ARK60 95-95

Pendants and decorative lights

Ark60 is a modular architectural lighting system featuring a 60x60 mm folded metal profile, designed to create large rectangular geometries softened by elegant corner joints with a 45 cm radius. Modularity allows many unique shapes to be created on the ceiling. Its essential U-shaped structure integrates a Eurostandard track, allowing spotlights and linear elements to be combined seamlessly, in both ON/OFF and dimmable configurations. Fully customisable in size and finish, ARK60 fits naturally into premium residential, retail and hospitality settings. The Eurostandard track allows many types of Class I track spotlights to be installed. Clean geometry, discreet joints and balanced proportions enhance the purity of the design. Available in both suspended and surface-mounted versions.

PENDANT	IP 20 PROTECTION	CLASS I	20W POWER
3000K CCT	>90 CRI	25° BEAM	Integrated DRIVER

CONTROL **DALI**

GENERAL

Category	LED
Environment	Indoor
IP rating	IP20
Installation	Suspension
Power	20W per spotlight
Colour temperature	3000K
Colour rendering (CRI)	>90
Luminaire flux	2200lm

OPTICS

LED source	COB LED
Distribution	Symmetric
Optics	Refractive
Beam angle	25°

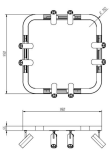

ELECTRICAL

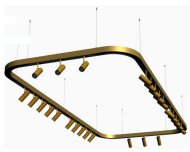

Driver	On board
Power supply	230 Vac
Insulation class	I

MECHANICAL

Dimensions	See drawing
Weight	6kg/m
Finish	Any RAL or NCS code
Material	Steel / aluminium

TECHNICAL DRAWINGS AND DETAILS

NOTES

- Available in a DALI dimmable version.
- Available in a version with low-voltage electrified track.
